GOVERNMENT CONTROL OF COMBINATIONS IS COMING

Andrew Carnegie Says That There is no Other Recourse--Will Bring Industrial Peace And General Satisfaction.

Special to Telegram.

London, June 3.—Andrew Carnegie when interviewed today regarding the steel investigation said: "Judge Gary's statement as reported embraces and settles the whole matter. When I declared years ago that combinations meant the ultimate control by the government of all manufactures, railroads, etc., I was thought to be wildly radical, but there is no other recourse. Our court of commerce will have access to all books and acts of corporations, fixing prices by the profits revealed. Then 25 per cent. and 50 per cent. profits will be no more and the people will have to be content with 5 and 10 per cent. profits. Multimillionaires will be very scarce.

"Industrial peace," said Mr. Carnegie, "is at hand, just as is international peace and abolition of war between nations. I welcome Judge Gary as a worthy leader of this movement. We shall have peace and content in a wide range of production. The new plan will be far more satisfactory than anything of like nature the world has yet known."

PARDONED CONVICT REMEMBERED BY MAN HE LIBERATED

Special to Telegram.

Austin, Texas, June 3.—While William J. Dent was pondering how he would start life as he was pardoned from the penitentiary by Governor Coquit he received an express order for \$5,000 with a note explaining that it came from a friend who appreciated a former favor.

Dent knew at once that the money came from George Isaac, a former fellow prisoner. Dent and Isaac were convicts ten years ago, at which time Isaac was serving a life sentence for murder and Dent a two-year term for forgery. When Dent's term expired he worked for months for a pardon for Isaac, which was accepted as genuine and the prisoner liberated. The forgery was discovered and Dent was placed in jail to serve Isaac's sentence. Now after more than eight years he receives a pardon.

WILL RESIST EFFORTS TO AMEND SHERMAN LAW.

Special to Telegram.

Washington, June 3.—The administration will resist all efforts to amend the Sherman anti-trust law, believing that it is sufficient to entirely control the trusts.

Newspapers Favor Reciprocity.

Special to Telegram.

Chicago, June 3.—A poll of more than ten thousand newspapers throughout the country shows that 3,113 favor and 1,127 oppose the reciprocity measure now pending in the Senate.

LORIMER

Requests Investigating Committee to Give Him Hearing

Special to Telegram.

Washington, June 3.—Senator Lorimer today wired the committee on privileges and elections, asking that he be heard as a witness in the new investigation of the bribery charges. The committee will be glad to allow him an opportunity to testify regarding the matter.

Summer School at A. & M. College.

The twelfth annual session of the A. & M. College summer school will begin Monday morning at 8:30 o'clock, the session to continue for four weeks. An able corps of instructors has been secured for the session and a splendid opportunity is afforded the negro teachers of the community.

KNIGHTS OF GRIP ENJOY THEMSELVES IN VARIOUS WAYS

Yesterday One of Pleasure For Traveling Men--Parade And Ball Game.

The annual parade of the Grand Council of the Carolinas, United Commercial Travelers occurred yesterday morning and the parade was one of the most spectacular sights witnessed in Greensboro in some time. The knights of the grip, about five hundred strong, work white duck trousers, blue coats and turbans and carried white, blue and yellow umbrellas. The parade was really an imposing sight and evoked rounds of applause from the spectators who lined the streets traversed.

The parade was headed by the Charlotte Drum Corps, some twenty strong, these being in full dress regalia. The members of the order marched in platoons, each council having a distinguishing banner. The Grand Council officers and visiting ladies occupied automobiles. The parade began at the auditorium and Dave, Fayetteville, Asheboro, Lee, Elm and church streets were traversed, the travelers breaking ranks on Market street.

After the parade the knights of the grip boarded street cars and went to Lindley Park where at 12:30 o'clock dinner was served. They then made for the ball park, arriving there at two o'clock in time to witness the game between U. C. T. teams representing North and South Carolina, an account of which is given elsewhere.

The majority of the travelers returned to their homes yesterday afternoon and last night, but a number remained over in the city until this morning. All expressed themselves as delighted with the reception accorded them by the local traveling men and the Greensboro people in general.

Superior Court Will Convene Monday in Regular June Term

The regular June term of Guilford Superior Court for the trial of civil cases will convene Monday afternoon, Judge Daniels, of Goldsboro, presiding. Deputy Clerk Gant received a letter last night stating that Judge Daniels would not arrive until noon Monday and that there would be no morning session. There are more than fifty cases on the calendar to be tried during the term, which is for two weeks. None of the cases are of more than passing importance.

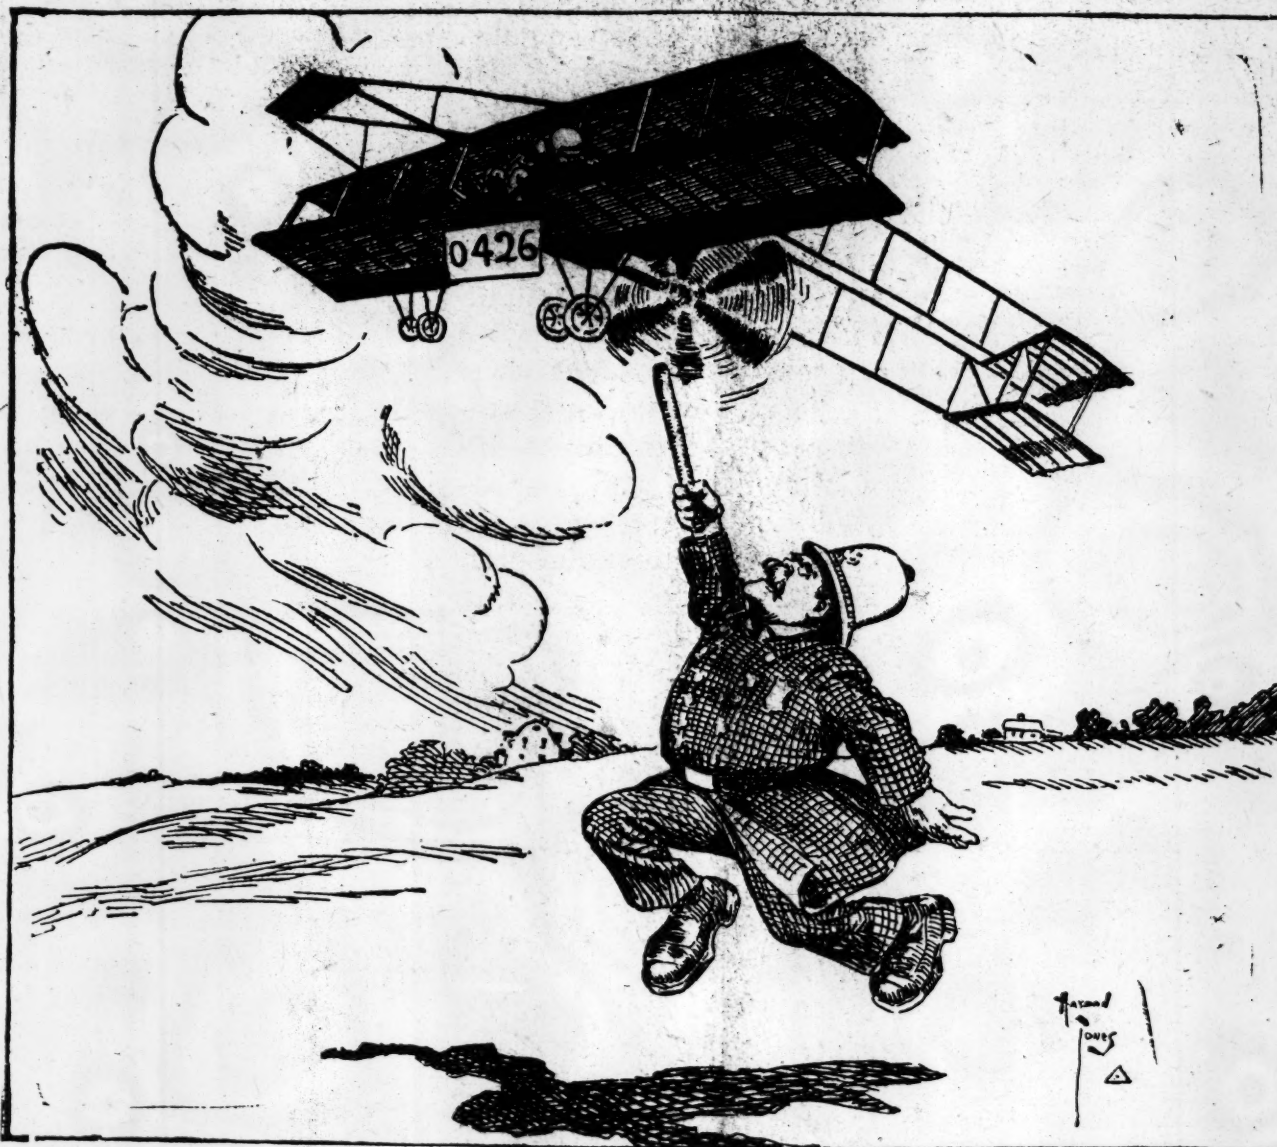

CAMP MEETING WILL CLOSE THIS EVENING.

The services at the camp meeting, being held in the Teague field, continue with increasing interest. The congregations have been large and the results very good. The final meeting will be held this evening at 8 o'clock. The services for today will no doubt be largely attended as the subjects are of much interest.

This morning at 10:45 the rescue work will be considered and the annual rescue sermon will be preached by Rev. L. B. Compton.

This afternoon at 3 o'clock the missionary service will be held, the service to be conducted by Rev. and Mrs. E. K. Monroe, returned missionaries from China. Rev. Mr. Monroe will preach, wearing a Chinese costume. The evening service will begin at 8 o'clock. The public is extended a cordial invitation to attend.

PICNIC AS USUAL AT WHITE OAK

Despite Dull Times Great Cotton Mills Continue in Operation---Fourth of July Picnic This Year to be Record Breaker---Good Things to Eat Ordered.

Cesar Cone has announced that the annual picnic of the employees of Proximity, Revolution, and White Oak cotton mills will take place as usual on July 4, and that it is the desire of the management to make the event larger and grander than ever. This is good news for the 10,000 people who live in the mill villages. There has been so much talk about hard times among cotton mills that it would not have been a surprise if the picnic had been omitted this year, but these great mills north of this city do not appear to be suffering from the depression that prevails in so many manufacturing communities. At least the people do not have to suffer, as these mills have run full time all this year and will continue to do so from present indications. The people are very appreciative of Mr. Cone's liberality and loyalty to them in saying "have a picnic and let it be bigger and better than ever."

The Picnic Grove.

This annual affair will be held in the beautiful grove north of White Oak mills. In this virgin forest of over 200 acres stands will be built, race tracks laid out and the most elaborate arrangements perfected for the celebration of the National holiday. A well has been bored 250 feet through granite and clear cool water will be distributed through a mile of pipe to 50 drinking stations throughout the grounds. The different stands will be covered with denims of which these mills manufacture over 150,000 yards each day. It will take over \$500 worth of denims to cover the different temporary buildings to be used on this day.

The Dinner.

Dinner will be served in baskets, each family being provided with an ample supply of substantial. In addition to this watermelons will be sliced, cream will be handed out, and lemonade distributed throughout the entire day.

Fire hundred gallons of pure ice cream will be scattered and 15,000 lemons will give up their juice, sweetened with 1,000 pounds of granulated sugar.

Bill of Fare.

The following bill of fare will be served by 150 uniformed waiters:

Fried spring chicken, boiled ham, hot frankfurters, hot roasting ears, sweet pickles, sour pickles, ripe tomatoes, boiled eggs, watermelons, muskmelons, Elberta peaches, ice cream and cake, lemonade, sliced pineapples and sugar, confectionery, ice cold sweet milk.

Some idea of the extent of this affair may be had from a glance at the con-

tracts that are now being made for supplies. These contracts are as follows: Five hundred gallons ice cream assorted flavors, 20,000 eggs, 10,000 smoked frankfurters, 5,000 bags peanuts, 1,000 fancy watermelons to weigh 35,000 pounds, 1,000 pounds confectionery, 100 crates lucious elberta peaches, car load ripe pineapples to be sliced and buried in 1,000 pounds granulated sugar, 50 gallons fresh sweet milk for the babies and young children, 5,000 buns for sandwiches, 100 crates ripe tomatoes, 15,000 sweet and sour pickles, 5,000 ears sweet corn.

Uniformed Waiters.

A vast throng will be served by 150 uniformed waiters and they will be on the jump from early morning until late at night. The cooking will be in charge of James F. Scurlock and Robert Inman, who are famous as experts in preparing hot tamales and boiled eggs.

White Oak Bakery.

All the cakes and bread will be baked at the new bakery, recently opened at White Oak. This is one of the most modern plants in the South and under the management of Mr. Brandt, formerly a prominent baker in the city, the product is well and favorably known.

Amusements.

For the amusement of the people throughout the day the following events will take place at 2 to 4 p. m.

Bag race, wheelbarrow race, foot race, running race. Liberal prizes will be offered the contestants.

A prize of \$5.00 will be given the couple presenting themselves in the most patriotic costume.

Minstrel Performance.

The White Oak Minstrel Troupe will give a performance during the afternoon. This organization, composed of mill operatives, are giving regular performances and furnish desirable amusement.

Music.

Music will be furnished by the Textile Band composed of musicians selected from the three mills. The people are very proud of this band. They have filled several engagements the past season. This band is under the management of J. W. Dilworth.

Speeches.

Cesar Cone usually delivers the principal address, but this year he will be in Europe and this important duty will fall on Julius and Bernard Cone, who will no doubt entertain the vast throng with good speeches. Addresses will also be

made by E. and H. Sternberger, of Revolution cotton mills; Robt. G. Campbell, general superintendent of all the mills; Thomas Gardner, superintendent of White Oak mills; James Bangle, superintendent of Proximity Cotton mills, and Geo. P. Stone, superintendent of Revolution cotton mills.

This great event shows the good feeling that can be made to exist between the employer and employees. Fortunately the mills have been running full time all this year and for this the mill people have reason to be happy and grateful. While general mill conditions are far from satisfactory, Mr. Cone, with the welfare of his people at heart has kept his mills running, thereby showing that he does not live for himself alone, and is willing to give the other fellow a chance. It is this fellow-feeling that creates so much loyalty at these cotton mills. Thousands of dollars spent each year in the effort to make life pleasant. Welfare work is carried on throughout the year by Miss Wyche and the results are highly satisfactory.

CROATAN INDIAN KILLED BY ACCIDENT

Special to Telegram.

Fayetteville, June 3.—Apparently trampled to death by his runaway team, the body of Alexander Oxendine, a Croatan Indian, was found lying by the road west of this city late this afternoon. The team which was recovered by a negro, evidently became unmanageable and from a blow on his head it is supposed that Oxendine was precipitated beneath the mules feet, his neck being broken. The verdict of the coroner's jury was that his death was accidental.

CLOSING OF DONALDSON MILITARY SCHOOL.

Special to Telegram.

Fayetteville, June 3.—In accordance with custom the commencement exercises at Donaldson Military School were marked by simplicity. The presence of Dr. Smith, of the University of South Carolina, who was to have delivered the annual address, was prevented by sickness.

Diplomas were awarded to the following graduates: James Crawford Cooper, Edmund Jones Lilly, Jr., William Oliver Huske and Andrew Calhoun McFall.

In the scholarship awards, gold stars, for the attainment of 90 or more in all studies, were presented to Joseph Huske, Thomas Ruffin McNeill, Gordon Reed and Douglas Clark. Silver stars, for achieving 85 or more in all branches, were won by Andrew McFall, Ben Venable, Ernest Currie, William Morgan, Rufus Thornton and Boyce Laning.

New Fiction At Library.

Twenty-six volumes of new fiction will be ready for circulation at the Carnegie Library Monday morning.

RECIPROCITY TALKED BY PRESIDENT IN CHICAGO

Address Marked Close of Canadian Reciprocity Congress--Mr. Taft Said Free Trade Has Helped Conditions.

Special to Telegram.

Chicago, June 3.—President Taft and party arrived in Chicago from Washington at 1.55 this afternoon, the special, Fort Wayne, being greeted by thousands. The president before leaving the car made a short address from the rear platform, saying "I am so full of reciprocity that I cannot talk anything else. I regard it as one of the greatest steps for the improvement of business. The reciprocity bill embodies the principle that all profit cannot be on one side of the line all of the time."

A supposed crazy negro frightened thousands gathered in Garfield Boulevard to greet the President by rushing to Mr. Taft's side as he entered an automobile, trying to strike him in the face, with his fist and yelling "Hello, Bill, hello." Captain Collins and Detective James Farrell, who formed a part of the President's body guard, broke through the crowd and seized the disturber. President Taft watched the proceedings calmly.

The spectators packed around so densely that the police had great difficulty in getting the prisoner away. A search revealed the fact that he had no weapons. The negro gave his name as Sam Butler, porter, and said that he worked for Mr. Taft several years ago. He was released after the President started away.

The President's reciprocity speech in the orchestra hall was the climax of the day and marked the closing session of the Canadian Reciprocity conference, being held under the auspices of the Eastern Economic Society. Admission was by card only, yet a large number were turned away from lack of room.

President Taft said that the treaty came to Congress as a completed document from the state department to avoid amendments showered on any tariff bill by legislators seeking to benefit their own districts.

The President said in part: "Under the reciprocity with Cuba, which reduced duties on each side 20 per cent., our trade was doubled. Under free trade with Porto Rico our trade with that island has increased until it is nearly fifteen times as large as it was formerly. Under the reciprocity agreement with the Philippines Islands our mutual trade has nearly doubled in less than a year and yet before each of these changes there was vehement discussion, bitter opposition and wild prophecies of dire results."

"For ten years I was engaged in the struggle for Philippine free trade and was regarded by many as an enemy to the agricultural interests of the country, especially those engaged in raising beets and sugar cane, yet since the adoption of the Payne tariff bill which extended free trade to the Philippines I have not heard a single complaint as to the effect of that feature of the measure."

EIGHT OIL TANKS FIRED BY LIGHTNING AT NEW ORLEANS

Thousands of Barrels of Oil And Gasolene Destroyed--Loss \$200,000.

Special to Telegram.

New Orleans, June 3.—Eight immense oil tanks of the Indian Refining Company were destroyed by fire this afternoon. The tanks, which are located several miles below the city on the Mississippi river, were struck by lightning and set on fire.

The tanks contained 30,000 barrels of gasoline and 2,000 barrels of kerosene, valued at \$200,000.

Four thousand feet of hose were sent from this city and two tugs began pumping water to save the surrounding property. It is thought that the fire will be under control by morning.

FELL UNDER WHEELS OF MOVING TRAIN

An accident which might easily have resulted fatally occurred at the Southern railway station yesterday shortly before noon. An excursion was passing through bound from Concord to Danville. When a little past the station, a young white man, J. M. Morgan, a mill employee of Salisbury, attempted to leap from the steps of a coach. The train was moving at a fair rate of speed and the man did not make the jump successfully. He fell upon the cross-ties at the side of the track and his foot was caught under the car wheels. Onlookers carried him into the office and Dr. A. R. Wilson rendered medical attention. His foot was badly mashed and he was later carried to St. Leo's hospital for an operation. There Dr. Wilson removed two toes.

United States Court in Session Monday

The June term of United States court will convene Monday morning, Judge Boyd presiding. There are no cases of any great importance to be disposed of during the term, which will hardly last a week. The only case of local interest is the one against W. V. Moss who is charged with impersonating a revenue officer.

NEW PASTOR OF FRIENDS' CHURCH PREACHES TODAY.

Rev. J. R. Jones, of Reidsville, who recently accepted the call to the pastorate of the Friends' church on Asheboro street, has moved his family to the parsonage at 222 East Lee street. He succeeds as pastor Rev. Stephen S. Myrick, who resigned to go to Central City, Neb., and accept the presidency of the Central City college there. Rev. Mr. Jones comes here highly recommended and an excellent sermon is expected at the services today, when he is first introduced to his congregation.

Cigar Store Broken Into.

Robbers entered Wade's Cigar Store early yesterday morning and stole quite a quantity of cigars, cigarettes, and loose change. The visitors removed a pane of glass and entered by a window on Sycamore street. The parties evidently had some knowledge of their object and touched nothing but about 1,000 cigars and cigarettes and incidentally about \$5 in loose change.

AVIATOR

Orville Wright Says America Still Leads World In Aviation.

Special to Telegram.

Dayton, O., June 3.—Orville Wright believes that America still leads the world in aviation in spite of the recent European records. Europeans are copying us more and more, he says. "The Americans are not the enthusiastic patrons of the air sports the French are," he says, "but I do not believe that hinders us. Prizes should be offered for efficiency and endurance, not daredevil feats."

GARY'S TESTIMONY CAUSES RAISE IN STOCK MARKETS.

Special to Telegram.

New York, June 3.—Judge Gary's testimony before the Congressional investigating committee, explaining the purchase of the Tennessee Coal and Iron Company, gave the stock market yesterday a fresh impetus towards higher levels.

The Lorimer case is up again and Dor-
othy Arnold has not been found.

Anyway, Justice Harlan will go down
in history as the ablest and most active
dissenter who ever sat on the Supreme
Court bench.

It looks like Woodrow Wilson has
captured North and South Carolina,
and he will probably need both in his
business a little later.

Atlanta has started a big campaign
for commission government. Atlanta
gets a late start, but will probably be
able to come along with Raleigh, Wins-
ton and Asheville.

The suffragettes have raised a fund
of \$100,000, presumably a campaign
fund; but it is probable that they will
be tempted to spend it for millinery and
summer clothes.

Charlotte folks boost everything ex-
cept their baseball team. They should
try boosting instead of knocking in
that case. It certainly will not hurt the
team and it might help some.

The boosters of Greensboro evidently
enjoy their work. All citizens who are
unfamiliar with the joys of boosting,
ought to secure some practical expe-
rience. They would be changed men after-
ward.

Mr. Roosevelt thinks the decision in
the Standard Oil case is "weak." That
is the opinion of many other people;
yet it must be admitted that the deci-
sion is not weaker than the fight Mr.
Roosevelt made upon the trusts while
he was President.

The Piedmont Says that "Greenville
is the birthplace of prosperity." How-
ever, it must be admitted that Spartan-
burg is "the city of success" and suc-
ceeded in getting away with the next
meeting of United Commercial Travel-
ers over Greenville's strenuous protest.

William Northrop is President of the
\$20,000,000 Virginia traction merger,
and the Norfolk Landmark places this
caption over a double column editorial:
"Let us get in Touch with Northrop."
What the Virginians ought to do is to
seek an opportunity to "touch"
Northrop.

The Supreme Court, the greatest au-
thority in this country on the reason-
ableness or unreasonableness of all propo-
sitions, should be appealed to by the
Charlotte baseball team. Undoubtedly
the court would decide that the knock-
ing of the team by Charlotte people is
unreasonable.

The usually accurate Columbia State
carries the misinformation that "The to-
bacco trust has gone up in smoke."
That is far from the truth. The prod-
ucts of the trust have gone that way,
but the trust is still able to make the
consumers smoke—literally and figu-
ratively.

President Taft used to hold a \$12 a
week job as reporter on a Cincinnati

newspaper. The moral of this is not
that all \$12 a week reporters should
look forward to being President, but
if they work hard enough and long
enough they may one day own a news-
paper and take \$10.48 a week in profits
out of the business.

The enthusiasm aroused by Woodrow
Wilson in South Carolina would scarcely
have been greater had he announced his
willingness to assert upon oath that the
Mecklenburg Declaration is a myth
—and yet he utterly failed to mention
this matter. Neither did he discuss the
birthplace of Andrew Jackson or the
geographical location of Caesar's Head.

The United Commercial Travelers
went away from Greensboro with fine
impressions of this city. If any of them
failed to enjoy their visit the fact was
not learned by anyone here. The Travel-
ers go everywhere and come in con-
tact with all classes of people, and the
town or city which is in favor with
them is certain to get a large amount of
the best kind of advertising. It is be-
lieved that those who have just been
Greensboro's guests for two days will
go forth to speak many good words for
this city.

The men who have charge of the pre-
liminary plans for the Greensboro to
Henderson railroad are not making any
noise but they are moving forward with
the work. The public is likely to hear
good news from this source at an early
date. More and more the opinion that
this road should be constructed is grow-
ing, here and elsewhere. The people
of Roxboro, Oxford and Henderson have
the matter under thoughtful considera-
tion, and they must come to the con-
clusion arrived at by the majority of the
business men of this city, that the
proposed railroad is desirable for many
reasons and that it would be a paying
property.

COMMENCEMENT AT LUTHERAN COLLEGE

(Contributed).

The closing exercises at Immanuel
Lutheran College were very well attend-
ed. When the Rev. N. J. Bakke
preached the annual sermon Sunday
night, the chapel could not hold the au-
dience. The fact that the Rev. Prof. N.
J. Bakke, who has been at the head of
the institution since its very beginning,
will leave for larger field, lent additional
interest to the service. Choosing Acts
20:32 as text, words spoken by St. Paul
in bidding farewell to the elders at Ephesus,
he both gave wholesome counsel to
the graduates and commended the insti-
tution with all that are connected or
interested in it to God and the word of
His grace as the one thing needful and
the only thing that will procure lasting
happiness. The audience was very at-
tentive and many regret to see him
leave. After completing his work at
Immanuel, he will assume his duties
as director of the entire Colored Mission
of the Evangelistic Lutheran Synodical
Conference. The annual concert on
Tuesday night turned out to be a big
success.

A small admission fee was charged to
cover expenses. Scores of music lovers
would gladly pay more to hear Prof.
Soehner's interpretation of difficult se-
lections. The audience was especially
delighted with the Fartasio on "Duke
Street," the Andante in A flat by Sem-
are; and Rondo Caprice, Op. 35, by
Buck. Several solos by Prof. M. A.
Carter were also received with applause.
Although the weather was rather un-
favorable, very many flocked to witness
the exercises of the primary depart-
ment Wednesday night. The audience
was very much impressed by the vocal
selections.

Prof. F. Alston, of Charlotte, made
an address, urging the children to re-
member that youth is the springtime
of life, in which they are to practice
truth and honesty, and in closing em-
phasized the need of having Christ as
their partner, throughout life.

On Thursday night the graduating
class gave an entertainment. The au-
dience was very much pleased with a de-
clamation and a humorous paper pre-
sented by Claudia Galloway. The two
dialogues were likewise well rendered
and received with much merriment. Prof.
Soehner's pedal solo was an interesting
feature. A vocal solo by Susanne Jones
also deserves mention.

The commencement exercises took
place on Friday. After the opening
hymn and invocation by Rev. C.
Thompson, of Charlotte, Mamie Mc-
Tier delivered an oration, the subject
being "Strike While the Iron is Hot." She
explained that this proverb calls
upon us to seize the present opportuni-
ty. Taking examples from daily life,
she showed how farmers, parents, schol-
ars and others, neglect to strike while
the iron is hot. Mary Brown spoke of

"Mistaken Notions Concerning Educa-
tion." She pointed out that people of-
ten fail to consider the education re-
ceived outside of the school room, that
they measure education by the accumu-
lation of knowledge, neglecting to con-
sider the education received outside
of the school room, that they measure
education by the acquisition of knowl-
edge, neglecting to consider the training
of the faculties and the building up of
Christian character.

Carrington March dwelt on "The Im-
portance of the Study of Theology." In
introducing the subject he dwelt on
the change which has taken place in the
last twenty-five years with regard to
the ministry. Formerly ignorant
preachers kept their people in ignorance,
but now there is an increasing demand
for an educated clergy. He stated that
a minister needs a thorough academic
and theological education. The preacher
must know what to preach and he must
know how to preach. Both of these de-
mands require years of instruction and
training. In closing he in the name
of the graduating class expressed their
appreciation of the education received
at this institution and bade farewell.

He was followed by Rev. C. O. Smith,
of Claremont, N. C., who delivered the
annual address. He spoke of "Educa-
tion or a Trained Mind a Power in Meet-
ing the demands of life." Many think
the world owes them a living, others
imagine life to be as the life of a but-
terfly in that they need do little to have
much. If we want something, we must
ask for it; ask with muscle and brain
and activity. Life is a battle, it is a
serious work, a trained mind is a great
help. Knowledge is power in nations
and individuals. Japan, for instance,
is now consulted in the council of na-
tions while not so long ago it was ig-
nored. This is due to the new education
influences in Japan. The strongest
powers of men are in the brain. Con-
sider what man can do with the
strength of his body as compared with
the strength of his mind expressed in
the form of roads, automobiles,
steamships, telephone, telegraph, etc. It
is the trained, educated brain that
counts. Turning to the graduates, he
reminded them of their responsibilities
and asked them how they would use
the power they had received. He urged
them not to be puffed up now to use
their education selfishly but to serve
God, the neighbor, and the country. In
presenting the diplomas, Prof. Bakke
made very appropriate remarks, se-
lecting his theme: "So Run, That Ye
May Obtain." He also expressed the
gratitude of the institution to W. Roke,
of Chicago, Ill., who has done faithful
work as instructor in the college this
past year, but who will, in September,
resume his theological studies at
Concordia Seminary in St. Louis, Mo.
Prof. Roke assured us of his continued
interest in Immanuel Lutheran College.
After the closing hymn was sung, Rev.
J. McDavid, of Charlotte pronounced the
benediction. Immanuel College re-
opens on Wednesday, September 6th.

Ministers Meet Laymen of Guilford Here on June 8th

John McEachren, State Executive Sec-
retary of the Laymen's Missionary
Movement, spent several hours in
Greensboro yesterday, returning to Mt.
Airy from Richmond, Va., where he at-
tended a conference of missionary lead-
ers from all the denominations repre-
sented in the South, there being also
present William B. Miller, General Sec-
retary, and several other officers of the
National Laymen's Movement.

J. Campbell White, the other General
Secretary, sails June 6th for a four
months' tour through China, Korea and
Japan.

Charles H. Pratt, Field Secretary, will
meet with the Greensboro Executive
committee at noon, June 6th, for the
purpose of considering the plans for
pushing the work of the Laymen's Mis-
sionary Movement over the whole state.

Mr. McEachren reports the prospects
favorable for a successful convention in
Mount Airy, June 23d to 25th. A
conference of all the pastors, with rep-
resentative laymen from every church
in Guilford county, has been called to
meet in the Annex to W. Market M. E.
church, at 10:30 a. m. Thursday, June
8th, to consider the best method of en-
listing the churches of Guilford county
in the evangelization of the world. The
conference will adjourn in time for all
to get home that night.

Those who attend from outside of
Greensboro will be entertained at din-
ner by the citizens of Greensboro.

Advertising Talks H. G. B.

INDIVIDUALITY IN AD-
VERTISING.—I noticed in
the street car advertising this
morning the suggestion for
this talk. Advertising with-
out that individuality reflecting
the personality and character
of the advertiser has compar-
atively about as much influence
as THE MAN WHO LACKS
PERSONALITY.

Some people ought never
to attempt to write an adver-
tisement. There are mis-fits
in every line of work, but no-
where is the man who is out
of place made more conspicu-
ous than in ad writing.

If you want your advertis-
ing to pay, Mr. Merchant, just
get down and talk "brass
tacks" just like you do over
the counter.

Use NEWSPAPER space
and profit by the FRIEND-
SHIP between the PAPER
and the READER. In
GREENSBORO you can talk
to most of your PATRONS
every day if you use the col-
umns of THE TELEGRAM,
the paper that goes home, that
prints all the news that is fit
to print while the bloom is
on it.

Busy Session of Municipal Court

With an unusually heavy docket to
dispose of, yesterday's regular session
of municipal court was prolonged
through a couple of hours. Several had
been suspended until Saturday for judg-
ment several other trials were added to
the list and disposed of, as follows:

The Southern Railway was found
guilty of blocking Sergeant street for
two long a period, but the court sus-
pended judgment until the session of
Monday morning.

A plea for leniency was made in the
case against Shelby Slade on account
of his own ill health and sickness in the
family. His father, a colored preacher,
also testified that the son was not un-
deserving of leniency in the disposition
of the case. The young negro was found
guilty of larceny of a diamond pin from
another negro, Macon Cotton. Judgment
was suspended on a bond of \$100, guar-
anteeing the good behavior of the of-
fender for two years, with other minor
conditions imposed by the court.

Although he stoutly protested his in-
nocence, another young negro, Charles
Lane was found guilty of the larceny of
a watch from Rufus Moore and was as-
signed to four months of hard labor on
the streets of Greensboro.

Leroy McAdams, another young
gentleman of color, was tried for assault
upon a white man with a deadly weapon.
However, the plaintiff, William P. Bar-
rett, a traveling man, did not show up
and the case was dismissed through
lack of evidence.

Clyde Spruill, a negro boy of 15
years, was tried on two charges, vag-
rancy and the larceny of \$2 from his
mother, Minnie Spruill. She stated that
the boy was worthless and a constant
burden upon herself and her family.
The charge of vagrancy was dismissed
but the boy was sent to work on the
streets for six months in the other
case.

The court suspended judgement until
Tuesday in the case against Eva Hay-
den, a negro girl, for obtaining a pair
of shoes from Schiffman Bros., on false
pretence by giving her name as Thelma
Hargrave.

Grady Headen was tried on the charge
of engaging in an affray and using a
deadly weapon. The other participant,
Jesse Blaylock, also a negro, was fined
\$25 last week. Jesse used a gun but
an axe handle only was required to sub-
ject Grady to a fine of \$10 and costs.

RECITAL BY MUSIC PUPILS OF MISS AGNES MARTIN

The pupils of Miss Agnes Martin's
music class gave a delightful recital at
the latter's home on North Mendenhall
Street Friday evening at 8:30. Every
number was thoroughly enjoyed and the
pupil's technique and tone, the phras-
ing, staccato, and finished style of the
pieces showed the excellent tutelage of
Miss Martin.

After the program, prizes were award-
ed to those who made the best record
in the star system (stars for full prac-
tice and good lessons) during the term.
Delicious punch was served in the
studio by Miss Eva Martin, assisted by
the pupils.

CASTRO IS RETURNING.

Exiled Former President is Disguised
Aboard Ship.

Havana, June 3.—The Cuban govern-
ment is in receipt of what is believed
to be authoritative information from
Spain that Cipriano-Castro, the exiled
former President of Venezuela, sailed
recently from Cadiz on the steamer Le-
gaspi, which is due here tomorrow en
route for Central and South American
ports.

According to this information Cas-
tro is traveling incognito. It is believ-
ed also that he is carefully disguised,
but it is unlikely that he can avoid de-
tection by the Cuban officials who will
board the Legaspi.

It is not known whether Castro de-
sires to land in Havana, or whether
the government would object to his
so doing.

The conjecture here is that Castro
does not desire to land at Havana,
but will endeavor to conceal his iden-
tity while here and proceed on the Le-
gaspi to some port adjacent to Venez-
uelan territory, probably Sabanilla, Co-
lumbia.

GAMBLING IS TABOOED

Government Will Try to Stop It in
Canal Zone.

Washington, June 3.—At a confer-
ence between President Taft, Secre-
tary of War Stimson, Colonel Goethals
and Senator C. C. Arosomena, a member
of the Panama Cabinet at the White
House today, it was decided to adopt
measures to prevent gambling by em-
ployees of the Isthmian Canal Commis-
sion in the cities of Panama and Colon.
According to reports, gambling in
those two cities is open. It is probable
that the Panama government will be
asked to stop it.

TO KILL THE DANDRUFF GERM.

's the Only Possible Way of Having
An Effective Cure.

If you see a woman or a man with lux-
uriant glossy hair, you may be sure she
has dandruff to amount to anything.
In nearly every case where women and
men have thin brittle hair, they owe it
to dandruff. There are hundreds of prepa-
rations that "claim" to cure dandruff,
but not one but Newbro's Herpicide tells
you that dandruff is the result of a germ
burrowing into the scalp, and that per-
manent cure of dandruff and its conse-
quent falling and baldness, can only be
had by killing the germ; and there is no
other preparation that will destroy that
germ but Newbro's Herpicide. "Destroy
the cause, and you remove the effect."
Sold by leading druggists. Send 10c. in
stamps for sample to The Herpicide Co.,

EVILS OF SOCIAL DRINKING

English Statesman Says Greatest Difficulty is to Entertain Publicly Without Liquor.

Sir James Haslett, member of parliament for Belfast, speaking at a meeting held in London presided over by the Archbishop Canterbury, gave the following important testimony which we commend to the statesmen and public men of the United States: "My lord bishop, it is with very great pleasure that I rise to propose that the best thanks of this meeting be given to you for presiding on this occasion. I think you are the right man in the right place. The church must lead if we are to have a healthy influence in society. As a stranger amongst you, I have had very great pleasure in hearing all that has been said in regard to total abstinence. I may say that I drank it in from my mother's breast—I have never tasted drink, and what possibly is not an easy matter, have never offered it to others. The greatest difficulty we have is in the social intercourse of life—to entertain publicly, as a public man, without drinking. So strong are social habits that you have raised against you all the weapons that satire and evil communication can possibly find. You are called 'mean,' and 'niggardly,' and a hundred other things. I think, my lord, that the change must come from the women. They must act as a lever in this matter, though I do not know very well how they are to do it. It was one of my duties, as the mayor of Belfast, to entertain the representatives of royalty, and it was a difficulty with me how I could do it without drink. Unfortunately, the lord lieutenant dropped upon me just the week after I was appointed. That difficulty was greater, I think, than I might have been able to withstand; but I had then my wife with me, and she said: 'Well, you had better resign your office.' We carried it through as best we could. I trust that the recollection of that may still brighten her life in the other world. But it is the difficulty of social life that you must seek to unravel. You cannot do it by legislation. I am bound to say that when I waited upon the lord lieutenant and told him about my difficulty, he said: 'My dear fellow, I would only spit upon you if you sacrificed your principles.' Lord Londonderry was too much of a gentleman to seek that I should in any way lower myself, and I felt, as an old Sabbath school teacher, working amongst the young, and addressing meetings all my life, that if I had then put drink on the table I would have sacrificed all that I had ever done. My lord bishop, it is not an easy thing to act thus. I have passed through a recent election and my bitterest enemies were those who sold drink. It has been said in Ireland that the readiest way to a man's intelligence is through his stomach. It is wonderful how kindly we are disposed after we get our dinner. It has unquestionably an immense influence; and there is a large class in our country of whom it may be said that the readiest way to their intelligence is through a glass of beer or spirits. You have that to fight against. During my recent contest, and during a contest ten years ago, I never had at the election committee meetings one drop of strong drink. If we cannot carry an election without it, then, in God's name let us surrender."—National Temperance Advocate.

Serious Form of Intoxication.
Evidence has come to light showing that a very serious form of intoxication is indulged in by many boys in Philadelphia, which is produced by inhaling gasoline fumes. The boys, who belong to the poorer classes, have possessed themselves in various ways of the gasoline, sometimes obtaining it from tank cars and at other times from lamp posts, and then have induced a condition physical and mental which makes them for the time being practically crazy. Physicians are looking into the matter, and the police are endeavoring to break up the gangs who practice this pernicious habit. The physical effects of such indulgence are very serious, in some cases proving fatal.

No Place for Young Man.
Champ Clark, speaker of the national house of representatives, in speaking of the evils of the saloon, said: "The saloon is no place for a young man is ambitious to lead a clean, successful life. If he wishes to excel in crime, rob his mental and physical powers, consort with thugs, blacklegs, prostitutes and thieves, be a disgrace to his family and a stench to his own nostrils, why, I'd advise him to frequent saloons."

Lectures in Sweden.
The temperance organizations of Sweden made provision for a course of scientific temperance lectures in several cities last winter, and in no other country in the world could such lectures have drawn such large audiences.

Liquor Traffic Fortified.
The liquor traffic fortifies itself by means of revenues to the government. The United States collects \$178,000,000 a year from the trade, Great Britain \$163,000,000; France, \$100,000,000, and Russia \$358,000,000.

Drunkenness Among Women.
Among the incurable drunkards of London, that is, among persons charged with the offense of drunkenness who have been convicted more than ten times, 8,900 are women and 4,300 are men. So there are more than twice as many incurable women drunkards in London as there are men. This sounds appalling. It is appalling. Add to this the fact that in the last twenty years the deaths of women from chronic alcoholism—or, in plain words, from drink—have increased 145 per cent, and there is all too evident a position of things that may well shock the English people, and cause them to look very seriously into the situation.

Ruined by Liquor.
In a late issue of the Scientific Magazine, published in Leipzig, an article on alcohol states that the Germans in America are largely ruined mentally and physically, by liquor. On the foundation of long experience in the United States the author says that much more beer is consumed by the Germans in America than in the home country, and that this has greatly increased the mortality among them.

Share Responsibility.
"By legalizing this traffic we agree to share with the liquor sellers the responsibilities and evils of his business."—William McKinley.

BEARS DEVOUR SHEEP

BEASTS ACQUIRE A DAYLIGHT TASTE FOR MUTTON.

Shepherds Give Battle to Animals, but Are Forced to Beat a Hasty Retreat and Seek Refuge in a Tree.

On my return after sunset to the Portuguese camp, after a grand ramble along the Yosemite walls, I found the shepherds greatly excited over the behavior of the bears that have learned to like mutton. "They are getting worse and worse," they lamented. Not willing to wait decently until after dark for their supper, they come and kill and eat their fill in broad daylight. The evening before my arrival, when two shepherds were leisurely driving the flock toward camp half an hour before sunset, a hungry bear came out of the chaparral within a few yards of them and shuffled deliberately toward the flock. "Portuguese Joe," who always carries a gun loaded with buckshot, fired excitedly, threw down his gun, fled to the nearest suitable tree, and climbed to a safe height without waiting to see the effect of his shot. His companion also ran, but said that he saw the bear rise on its hind legs and throw out its arms as if feeling for somebody, and then go into the brush as if it would.

At another of their camps in this neighborhood a bear with two cubs attacked the flock before sunset just as they were approaching the corral. Joe promptly climbed a tree out of danger, while Antone, rebuking his companion for cowardice in abandoning his charge, said that he was not going to let bears 'eat up his sheeps' in daylight, and rushed toward the bears, shouting and setting his dog on them. The frightened cubs climbed a tree, but the mother ran to meet the shepherd, and seemed anxious to fight. Antone stood astonished for a moment, eying the oncoming bear, then turned and fled, closely pursued. Unable to reach a suitable tree for climbing, he ran to the camp and scrambled up to the roof of the little cabin; the bear followed, but did not climb to the roof, only stood glaring up at him for a few minutes, threatening him and holding him in mortal terror, then went to her cubs, called them down, went to the flock, caught a sheep for supper, and vanished in the brush. As soon as the bear left the cabin the trembling Antone begged Joe to show him a good safe tree, to which he climbed like a sailor climbing a mast, and remained as long as he could hold on, the tree being almost branchless.

After these disastrous experiences the shepherds chopped and gathered large piles of dry wood and made a ring of fire around the corral every night, while one with a gun kept watch from a comfortable stage built on a neighboring pine that commanded a view of the corral. This evening's show made by the circle of fire was very fine, bringing out the surrounding trees in most impressive relief, and making the thousands of sheep eyes glow like a glorious bed of diamonds.—John Muir in the Atlantic Monthly.

Used Successful Ruse.
Brighton possesses an exceptionally clever boy scout. He was instructed to carry a despatch from Palmer to Brighton, a distance of three miles, taking a route over the Downs, and at all costs to avoid capture. As a full company of scouts was posted on the Downs, each one personally acquainted with the boy, and as the bare slopes would hardly afford cover for a mouse, the task was thought impossible. But the message was delivered in Brighton. The only person the watching scouts had seen pass their lines was a young girl carrying a large basket, who passed close to two of the officers. They learned afterwards that the "girl" was the boy they were looking for.—London Mail.

SEALING AGAIN UNDER INQUIRY

Government Agent Is Accused by Seal Expert.

HIS CHARGES ARE SPECIFIC.

There are Only 30,000 Left of the 5,000,000 Seals That Formerly Were to Be Seen at the Pribilof Islands—Animals Under Two Years Old Alleged to Have Been Killed.

By ARTHUR W. DUNN, Washington, June 3.—(Special).—A

sensation as interesting as the Baillinger affair may grow from the investigation of the alleged abuses of the government contract under which seals have been killed on the Pribilof islands, near Alaska. There are only 30,000 seals left out of 5,000,000. Professor H. W. Elliott of the Smithsonian institution, a world authority on seal life, has laid before Chairman Rothermel of the committee on expenditures in the department of commerce and labor charges of criminal malfeasance involving Walter I. Lembeck, government agent at the islands; a number of other subordinate officials and indirectly Secretary Nagel and Fish Commissioner Bowers.

Elliott alleges that Lembeck, whose duty it was to prohibit the killing of any seals under two years old, not only stood by and permitted the violation of the regulations, but aided the fur dealers by distorting figures by which the ages of seals have been determined for nearly forty years in an effort to pass yearling skins for two-year-olds.

Monument to Pocahontas.
Senator Martin has asked for the modest sum of \$5,000 to enable the Pocahontas Memorial association to complete a monument to the famous Indian woman. It is being erected on Jamestown island and is a part of the plan to commemorate and preserve the site of the first permanent settlement of English speaking people on the western hemisphere.

Jamestown island deserves such preservation, but at the same time it is somewhat off the track of tourists and sightseers. There is only one monument to John Smith in this country, and that is at Jamestown. Both John Smith and Pocahontas should have monuments in the national capital. When any person has done enough in the colonial or Revolutionary period of this country to entitle him to a monument at the place where the service was performed a duplicate of the monument ought to be erected in the nation's capital.

Curtis Takes a Hand.
Senator Curtis of Kansas is a good parliamentarian and had long service in the house, where he saw the effect of a cloture stopping debate when the majority had a mind. He is trying to have a limited cloture adopted in the senate. Twenty-two years ago that was tried in order to pass the force bill, and it failed.

Several times since then senators who thought the senate rules and procedure were a travesty have tried to force cloture, but they never made any progress. The Kansas senator will be no more successful than the other knights errant in the same line. Undebated in the senate is the weapon of the minority, and they will never give it up.

A Difficult Task.
Difficulties in the way of literary composition were discussed by Senator Root of New York, the subject being brought up by reason of something having recently been misunderstood. "One great difficulty in writing," said the senator, "is to meet the requirements of those who do not know anything about the subject under discussion and at the same time convey your ideas to those who do know something about it and are really interested. To make the first class understand you must begin at the very A B C of the matter and go right through all the stages in order to place it before them. By that time you have occupied so much space that you have no room to discuss the subject in an illuminating manner for those who did have knowledge of it in the beginning. Outside of Washington I often find that my greatest difficulty in discussing governmental affairs for interviews is that the interviewers often do not understand the questions relating to the national government on which they would have my opinions. It is hard to give views under such circumstances."

Avenues in the Capitol.
The names of the most important thoroughfares in Washington bear the names of states. Two of the finest residence streets are called Massachusetts and Wyoming. But these names also figure in the capitol building. For a long time one of the corridors on the senate side was called Massachusetts avenue because the committee room on one side was occupied by Senator Hoar, chairman of the judiciary committee, and the other side by Senator Lodge, chairman of the Philippines. Now it is called Wyoming avenue because Clark of Wyoming is chairman of judiciary and the room occupied by Lodge has been given to Warren of Wyoming, chairman of appropriations. It will remain Wyoming avenue until there is a change in the delegation from that state.

MAY TIE UP PENNSYLVANIA

Shoppers Threaten General Strike to Have Union Recognized.

Pittsburg, Pa., June 3.—Negotiations to settle the strike of the shopmen of the Pennsylvania Railroad have been declared off. Committees of the strikers who have been in conference with officials of the railroad company insisted that the union be recognized. The railroad officials were willing to accede to other demands, but refused flatly to negotiate with any but individual workmen, and refused to recognize the organization of the workmen.

The strikers said they would call out every union workman on the Pennsylvania Railroad. This includes the Brotherhood of Locomotive Engineers, the firemen and conductors and brakemen. Of-

ficials of the brotherhood have had a difficult task in holding their men at work, especially among the freight crews. A majority of these have demanded that they be called out in a sympathetic strike with the shopmen.

The strikers allege they will so cripple the Altoona shops that they will have to close by the end of the week. The strike is also to be carried to the middle division, between Altoona and Harrisburg, and on toward the eastern division, between Harrisburg and Philadelphia.

KOHLER IN BAD SHAPE

"Golden Rule" Chief of Police Fears Nervous Breakdown.

Cleveland, O., June 3.—Fearing a nervous breakdown, Frederick Kohler, Cleveland "Golden Rule" chief of police, this afternoon asked for and was granted an indefinite leave of absence. He will leave for a German health resort at once.

Kohler has been the subject of an inquiry on charges of unbecoming conduct and the object at which a revolt of patrolmen has been aimed during the past year. His physician says that his condition has become such that he has not slept more than two hours nightly for months.

A Name With a Reputation

We have the name and reputation of handling the best FURNITURE. We are striving day by day to maintain, and if possible increase this reputation. It can only be done by buying the best goods that the manufacturers can produce. Already we have commenced our buying for the Fall trade. During the Summer months many of these goods will be coming in. Those who buy goods during these months can be supplied—and it is our aim to offer a full line all the time. Our increased business demands this and we are ready to meet the demand.

COTTON LETTER TO J. E. LATHAM.

New Orleans, La., June 3.—The map shows fair weather over the entire belt except some cloudiness in a limited area in Central Texas and cloudy in parts of Georgia. No rain except a sprinkle at New Orleans and at Jacksonville, Fla. Indications are for stationary conditions, possibly passing cloudiness in the Northwestern belt but no general relief is indicated. Temperatures continue high and have risen in the Atlantic, also. Temperature average for the belt this year is 95 against 89 last year. Seven stations in Texas, 4 in Louisiana and 3 in Mississippi show temperatures of 100 and up to 103 degrees.

New York market was the only cotton market open. The relative easiness of old crops lately in the face of the steadiness in new crops gave rise to all sorts of rumors of bulls having abandoned their position, etc., for which there is not the slightest foundation or reliable confirmation. The easiness in old crops is due more to straddlers' fears that their profits might be cut down in case this dry weather continues and caused a material demand for new crops by the trade. Straddles by buying summer positions and selling new crops have been done on a large scale and their liquidation by selling old crops and buying the new fully accounts for the relative price movement of the two crops.

New York was firm from the start on new crops particularly, which worked up to 13.35 for October.

HAYWARD & CLARK.

"Fan Food" From The Winston Journal.

Even the hammering is getting feeble in Mecklenburg.

Pshawlot wants Augusta's place in the Sally League. Wonder what she'd do with it.

Can it be that Greensboro and Winston-Salem are the only members of the league that want a ball team.

Walker's sale to Washington will be the sweet in the much bitter that Spartanburg has had this season, but it will leave a big hole in her line-up.

There ought to be a law prohibiting the sale of bum ball players so as to give Pshawlot a chance to start criminal proceedings against some of her team.

The Spartanburg Herald passes it to O'Brien that he is a good umpire, the Greenville folks don't think so, but it all depends. O'Brien's the best on the circuit notwithstanding.

"Commentograms" From The Charlotte Observer.

The team that is ahead is generally the team that has most of the ambition at its command.

Let's let Winston and Greensboro alone and go and get some games ourselves.

The Winston papers keep hollering about the Twins being in the salary limit before anybody else said anything about it and when others do speak, it causes an insurrection.

The baseball management is calling on the people to attend the games and the people are calling on the management to improve the playing ability of the team. Looks as if they ought to be able to hear each other.

With the South Atlantic striking the rocks and the Carolina Association approaching the shoals, it looks as if interest in baseball in this section of the country is very much like the local municipal water supply.

The Greensboro and Winston papers are disposed to shower inelegant bouquets at the spirit of baseball pervading Charlotte, but the truth will probably remain that the Queen City for another year will have to continue to keep up the league.

Winston and Greensboro may keep up the head of the column, but they will play the mischief trying to keep up the league with attendance.

Pearls in Scotland.

But few people are aware of the fact that pearl fishing is an industry which is being carried on in Scotland at the present day. It is one, however, which has occupied the attention of many dwellers by various riversides for centuries past; and though it has certainly lost much of its pristine popularity, there are still a few people who make a livelihood by searching for the precious stones which are occasionally found in the interior of fresh-water mussels. These bl-valves are to be found in almost all streams, but they are most prolific on the Tay, Doon, Don, Tummel, Ythan, Earn Forth.

The Last Laugh.

The frequent and unsuccessful candidacy of certain men in this town for public office reminded George (Scotty) Dore of a story of his old friend Hogan.

"Hogan was raffling a clock," said Mr. Dore. "He was fairly successful in disposing of tickets in the shop when he worked, but he ran up against trouble when he canvassed his neighbors.

"Dropping in at his neighbor's house he tried to sell a ticket on the clock. 'It's a fine time piece and it'll luk folne on yer what-not er mantle,' says Hogan, cajolingly. 'G'wan, the old clock doesn't run,' replied the neighbor.

"Well," drawled Hogan, 'changing front completely, 'well, perhaps yez won't win it and then yez'll have the laugh on the fellow who does.'"

NORTH STATE CAPITAL NEWS

Special to Telegram.

Raleigh, June 3.—The State Board of Agriculture has decided not to establish a branch oil chemists office in Wilmington for the analysis of the illuminating oils that come into the state through the Wilmington port, but to continue all analytical work in the laboratory at Raleigh and keep five inspectors in the field for the next year. Those elected are C. C. Robeson, Morehead City; J. D. Austin, Maxton; J. W. Thompson, Pittsboro; J. H. Watson, Graham; W. C. Hall, Wilkesboro.

A conference just held by Superintendent J. J. Laughinghouse of the State's prison, and I. L. Council, of Waynesville, representing the North Carolina Transcontinental Construction Co., Asheville, has just settled the fact that the squad of fifty convicts promised by Governor Kitchin and the Council of State for construction work of the Transcontinental will be sent to the Rutherford section of the road some time next week. This is the road proposed to be constructed from Knoxville, Tenn., through North Carolina to South Port and in which eleven million dollars

of French capital has recently been interested for the creation of a great transcontinental line of railroad and steamboat connections to make it an international factor.

Governor Kitchin will not be in Raleigh again until next Tuesday. He delivered an educational address at Laurinburg yesterday and is scheduled to make the address for the graduating class of the Georgia State Normal College, at Milledgeville Monday. He will come direct from Georgia to Raleigh Tuesday.

At a mass meeting of the citizens of Raleigh and Wake county today at noon final action for a campaign to establish a farm life school for Wake county was taken. An election is to be called at once and it looks like Wake will certainly be one of the ten counties that can establish such a school during this year. The state law limits the number established during any year to ten, so far as state aid is concerned. The requirement is \$25,000 bonds and \$2,500 special tax levy towards maintenance.

Then the state allows \$2,500 annually towards maintenance.

Four hundred dollars and other valuables were taken from the home of R. J. Sellars on South Salisbury street Thursday night and the police have as yet been unable to discover any trace of the burglar. Mr. Sellars and a friend spent the night at home, Mrs. Sellars being out of the city, but he has no idea what time the burglary was committed.

A charter was issued this morning for the Marion Telephone Co., of Marion, with \$10,000 capital authorized and \$2,000 subscribed by N. D. Blanton and others for a line of telephones to Old Fort and intermediate points.

The Carolina Mineral Co., Petersburg, domesticated for business in this state, the capital being \$50,000, with W. E. Dibrrell as president.

Associate Justice Platt D. Walker and Mrs. Walker are remaining over in Raleigh a couple of weeks following the adjournment of the Supreme Court for the purpose of completing arrangements with contractors for the remodeling of the old Mahler residence on Blount street for their occupancy in the fall. Judge Walker bought this place some months ago for \$12,000 and will convert it into one of the handsomest residences in the Capital City.

Corporation Commissioner Lee is back from Washington where he went to confer direct with the Southern Railway officials relative to changes in the Western Carolina train schedules involving Waynesville and Asheville and other points and the Goldsboro connections from Wilmington to Asheville in the early morning which were in danger of being broken by schedule changes. Changes that retain the connection and give the additional service Asheville to Waynesville desired go into effect June 13.

Snubbed Crown Prince.

The shy, curly-headed native children of the Mirzapur district in India, won the German crown prince's heart during his recent Indian tour, with their quaint, naive ways. The youngsters are no respecters of persons, and the overtures of his imperial highness were not always received with grateful delight. On one occasion the crown prince suggested that a small boy who had been engaged in beating out a tiger should accompany the party home on one of the elephants. The suggestion did not meet with any approval from the person it was designed to benefit, and on its being made to him, the little fellow fled in the opposite direction.

Defied Superstition.

Mr. and Mrs. Frank Norman of Southend, England, have just celebrated the coming-of-age of their second son, Albert, in unique fashion. As Mr. Albert Norman is said to have been the victim of a succession of misfortunes, the event took the form of a "13" dinner, with a view to counteracting the run of "bad luck" previously experienced. Thirteen members of the family sat down at dinner, the menu contained thirteen items, knives were crossed, salt was spilled, the proverbial looking-glass was broken, and a program of thirteen toasts and songs was carried out.

FUNERAL OF REV. H. BALDWIN DEAN THIS MORNING

The remains of Rev. H. Baldwin Dean, who was killed Friday afternoon by a train while automobiling in Fort Valley, near Macon, Ga., arrived here last night, accompanied by Mr. and Mrs. Thos. A. Dixon. The remains were carried immediately to St. Barnabas Episcopal church where they will remain until the funeral today.

After the regular communion service at 11 o'clock the funeral services will be conducted at 12 o'clock by Rev. Thos. G. Faulkner, rector of Holy Trinity church. Interment will follow in Green Hill cemetery. The Masonic lodge of which the deceased was a member will attend the funeral in a body. The pallbearers will be selected from the church vestry.

Particulars are few of the terrible accident that instantly killed Rev. Mr. Dean, and so cutting off a man deeply imbedded in the most heartfelt affections of many Greensboro people. While driving with Mrs. T. C. Eberhardt, the automobile was started across the track from behind a line of freight cars. A collision with a shifting engine instantly killed Mr. Dean, seriously injured his companion, and completely demolished the car.

The deceased was for three years pastor of St. Barnabas Episcopal church, and resigned four years ago on account of ill-health. However, he was engaged in the ministry in the south at the time of his death. He was about 75 years of age.

Mrs. Woosley's Funeral.

The funeral of Mrs. O. V. Woosley, whose death occurred Friday afternoon at the home of her sister, Mrs. E. R. Michaux, North Elm street, will be held from the Friends' Meeting house at Guilford College this morning at 11 o'clock, conducted by Rev. Mr. Peele. The interment will follow in the burying ground at Guilford College. The funeral procession will leave the late residence this morning at 9:30 o'clock, the following acting as pallbearers: T. D. Sharpe, Archie Bowles, D. S. Womble, Wilson Hobbs, N. R. Hodgins and R. L. Dalton.

For limited time paper for room 14x14, only \$2.00. Paris Glass Decorating Co.

Patience.

Dr. Russell H. Conwell is a great believer in patience and he recently told a story indicating what he believed to be an example of making a virtue of patience.

"A young man was standing at the gate, waiting for his sweetheart, and when at last she appeared he remarked kindly, 'What a time you have kept me waiting!'"

"Oh, dear me, how fussy you are," she observed. "Why, I didn't promise to meet you till a quarter of eight, and it's only two minutes after eight now."

"Ah, Mary, dear," replied the young man, "but you have made a slight mistake in the day. You were to have been here at a quarter of eight last evening. I have been waiting ever since."—Philadelphia

SUGGESTIVE QUESTIONS

On the Sunday School Lesson by
Rev. Dr. Linscott for the International Press Bible Question Club.

(Copyright 1910 by Rev. T. S. Linscott, D.D.)

June 4th, 1911.

(Copyright, 1910, by Rev. T. S. Linscott, D.D.)
Israel's Penitence and God's Pardon. Hosea xiv.

Golden Text—Thou art a God ready to pardon, gracious and merciful, slow to anger. Neh. ix:17.

(1.) Verse 1—What proportion of the members of present day evangelical churches, are walking in the conscious favor of God?

(2.) God's chosen people had gone away from Him, and the prophet urges them to return; what suggestion is there in this for pastors?

(3.) What reason is there to believe that the average Christian backslider, before he finally gets established in the faith?

(4.) Verse 2—When a backslider wishes to return to the Lord, what "words" will he be likely to use?

(5.) Why is it not possible for one to be a Christian without using "words" to God?

(6.) When we talk to God we enter into conversation; how, or in what language does He talk to us?

(7.) When God "takes away all iniquity," does he make it possible for us not to commit any more? Give your reason.

(8.) Verse 3—Why is it impossible to keep saved if we depend on any earthly thing, and do not put our trust wholly in God?

(9.) Why is it wrong for a child of God to be anxious about earthly things?

(10.) Verse 4—How would you compare a forgiven sinner, with Adam before he sinned, in the matter of moral purity?

(11.) What difference is there in the way God treats and regards a reclaimed backslider, and if there be such, an angel who never has sinned?

(12.) Verses 5-7—What does God do for and with His children, in order that they may develop their spiritual lives?

(13.) What takes place in a faithful Christian, which answers to the growth and perfume of a flower, or the growth and expansion of a tree?

(14.) If the life of a man is not as sweet perfume, and if he is not as the spreading branches of a great tree on a hot day to the weary traveler, what if any reason is there to believe that he is a Christian?

(15.) Why is it either right or wrong to believe that a Christian must grow in grace or backslide?

(16.) Verse 8—What is it, under our present conditions, to worship an idol?

(17.) What are the chief idols which people now worship?

(18.) Is there any danger, and if so what, of practical idolatry in connection with our church services?

(19.) Verse 9—May any man understand the mind of God from the Bible, who is not personally taught of God? Why?

(20.) What is it which makes it certain that a child of God will be led into all truth? (This is one of the questions which may be answered in writing by members of the club.)

Hosea's Great Passover. 2 Chron. xxx.

THE GREAT BIBLE CONTEST IS DRAWING NEAR

In two weeks our Bible contest starts. This revival in Bible study is being welcomed by all the churches. We are glad to have the co-operation of the churches, the pastors and Sunday school workers, in this important undertaking.

The prizes that are offered are intrinsically valuable, and the Diploma given to all who complete the course will confer a great honor upon them; but the greatest prize of all is the study itself; no words can overstate its value. All teachers of boys and girls, say of fifteen years and over, should urge them to take up this course.

Adult Bible Class teachers will find this contest to be a great stimulus to their work if they personally get behind it and set the example. Many pastors call attention to the I. P. B. Q. C. from the pulpit and urge their people to join and participate in its benefits. We have no doubt that the pastors of Greensboro and Guilford county will not be one whit behind those of other towns. We have reason to believe that parents are encouraging their grown-up children to take this course and we urge upon all parents to follow the good example.

The Telegram is necessary for these studies, so order it for yourself, or a friend, by using the attached coupon.

MEXICANS ELECT PRESIDENT IN FALL

Obedying Orders.

"I thought I told you not to cut your corns with my razor!" thundered the exasperated husband who was trying to lose a few of his whiskers.

"And I haven't since you told me you were so particular with your old butcher knife," replied the wife sweetly.

"Well, it feels that way."

"I did open a can of tomatoes with it. Would that hurt it any? You didn't say I wasn't to do that."

New York's \$10,000,000 Library To House Four Million Books

Photos copyright by American Press Association, 1911.

NEW YORK city at last has a public library of which the entire nation should be proud. It faces on Fifth avenue and extends from Fortieth to Forty-second street. The cost of the building, including the clearing of the site of the old reservoir that had stood there for half a century, was \$10,000,000. The land occupied is estimated as worth \$3,000,000, and no money value can be placed on the literary and art treasures that will be stored in the handsome marble pile. The building has been in course of erection for eleven years, about one-half of that time being needed to complete the interior work after the roof was put on in December, 1906. The library is a consolidation of the Astor, Tilden and Lenox libraries, the consolidation being effected May 23, 1895, just sixteen years before President Taft assisted in formally opening the building to the public. The building contains ninety miles of shelves, enough to reach from New York to Philadelphia, and 4,000,000 volumes will be housed inside. The pictures above show an exterior view of the building and the interior of the main reading room.

TRINITY CHURCH EXHIBIT

Corporation in New York Owns Property Worth \$13,700,000.

New York, June 3.—The annual report of Trinity Church Corporation shows that the receipts of the parish for the past year were \$865,000, the largest item being \$750,000 from real estate rents. Pew rents were \$16,000. The parish spent \$950,000 for new building, \$340,000 for the maintenance of its ten churches and eleven schools and \$175,000 for taxes. The report re-

cords a considerable deficit for the year.

Trinity balance sheet shows that the parish now owns productive property assessed at \$13,700,000. These figures do not include the property used for churches, chapels, schools and burying grounds.

The number of communicants reported is 8,600, a slight increase. "Church attendance throughout the parish," says the report, "has shown no falling off, but, on the contrary, in most of the churches shows a marked increase."

WILSON WARNS EDITORS

Tells Them They Must Fight "System" With Publicity.

Columbia, S. C., June 3.—Governor Woodrow Wilson, of New Jersey, speaking last night before the State convention of the South Carolina Press Association, pointed out the dangers of the concentration in a few hands of the nation's wealth. He warned the editors that their duty was not only to comment upon the workings of "the system with a capital S," but also to report to the people what these activities were and what they signified. The lawyers of the country, he said, are the men who must solve the difficulties; "and I believe they will have sense enough to do so."

Governor Wilson said that the country is menaced by a wave of socialism unless some steps are taken to unlock the double-bolted doors of opportunity.

PRESIDENT TAFT'S STRONG ENDORSEMENT OF Y. M. C. A.

President Emphatic in Speaking of Great Work of Organization—International Sunday School Convention Notes.

Special to Telegram.

(By D. V. FRANCIS.)

New York, June 2.—While the Young Men's Christian Association did not need President Taft's defense from the charge of making "molly coddles" of boys and young men it is gratifying nevertheless to have the President of the United States speak so unequivocally of the splendid work which is being done by this great organization.

He describes the work in a sentence when he says:

"It has reduced to a science the taking of homeless young men and offering them a Christian club in which all the influences are good, in which there is nothing of the mollycoddle, nothing of softening or enervating influence. Everything tends to restrain them from demoralizing vices and practices."

There is cause for thankfulness that the old idea which was once largely prevalent that certain vices were manly and abstinence from them a sign of weakness is disappearing.

That it is becoming recognized that a young man may be a moral, right-thinking, clean-living being and be the highest type of man is due in some measure at least to the work of the Young Men's Christian Association.

The action of the Southern Baptist Convention in appointing a committee to confer with other denominations to see if some agreement could not be reached on doctrinal differences is in line with the general trend of church unification along certain lines. The committee which is a strong one consists of: E. C. Dargan, Georgia; Joshua Levering, Maryland; George W. Truett, Texas; John R. Sampey, Kentucky; J. P. Greene, Missouri; E. E. Folk, Tennessee; and C. E. Burts of South Carolina.

More than 100 representative men and women of North America will be heard at the International Sunday school convention, San Francisco, June 20 to 27, on the value and method of Christian education for the youth and the adult. "The open Bible and the uplifted cross" will be the theme, and special emphasis will be laid upon these great factors of Christian service and Sunday school progress. Evangelism will also be emphasized, and the Rev. Dr. J. Wilbur Chapman will be heard twice daily.

Previous to the convention there will be a missionary conference for workers west of the Rocky Mountains, with denominational discussion of problems and mass-meeting in the interest of home missions. Following, by Sunday school workers themselves, will be departmental conferences with leaders of worldwide experience.

After the formal convention opening, with addresses by the governor of California and the mayor of San Francisco, there will be two addresses, one on the theme of the convention itself, already given, and the other by the Rev. David G. Downey, of Methodist Sunday school work, on "The Sunday school in the Christian conquest of North America." Day sessions following are to be devoted to earnest presentation of Sunday school problems, involving as they do all America, in some respects, all the world.

This international convention is the thirteenth to be held, the first west of the Rocky Mountains. Represented in it are organized Sunday school workers in practically every county, almost every township, of every State in the Union and nearly every rural community of Canada.

Mr. W. N. Hartshorn, of Boston; Mr. E. K. Warren, of Michigan; Mr. H. J. Heinz, of Pittsburgh; Hon. John Stites, of Louisville; Hon. John R. Pepper, of Memphis; Mr. George W. Penniman, of Boston; Mr. Frank L. Brown, of Brooklyn; Mr. George Bailey, of Philadelphia; Mr. Marion Lawrence, of Chicago, and Justice MacLaren, of Toronto, are just a few of the prominent laymen who are identified with this work, while clergymen who are part of it include Prof. John R. Sampey, of Louisville; the Rev. Dr. A. F. Schaeffer, of New York; the Rev. Dr. A. L. Phillips, of Richmond; Prof. Ira M. Price, of Chicago, and Prof. H. M. Hamill, of Nashville. More than 4,000 delegates and alternates are members, and thousands more identified with the vast interests of Sunday school work will attend this San Francisco meeting.

A few years ago Christian ministers of Great Britain and Germany formed national councils to favor world peace and last year federated them in "the associated councils of churches in the British and German empires for fostering friendly relations between two people." The councils include most of

the highest church officials and many other men eminent in public service.

Now there are in the United States the Very Rev. Dr. W. Moore Ede, dean, of Worcester; the Rev. Dr. John Clifford, of London, president of the Baptist World Alliance; J. Allen Baker, M. P.; W. H. Dickinson, M. P.; and Alfred J. King, former member of Parliament, representing the British Peace Council; Herr Prediger F. W. Simoleit, pastor of the First Baptist church, of Berlin; the Rev. Lic. F. Siegmund-Schultz, of Potsdam, court preacher to the German Emperor, and Court Preacher Hoffmann, of Stuttgart, representing the German council, and, with eminent American divines, they were heard at the clergyman's session of the Lake Mohonk conference on international arbitration, opening May 24.

The Rev. Dr. Robert S. MacArthur, of New York, Baptist; Bishop Greer, of New York, Episcopal; the Rev. Dr. Junius B. Remensnyder, of New York, Lutheran; the Rev. Dr. William Sparling, Montreal, Methodist, and others spoke representing American peace interests. The European delegates hope to incite American clergymen to take a leading part in bringing effective co-operation of churches throughout the world in promoting fraternal relations, removing friction, and eventually abolishing war and war expenses altogether.

At the annual meeting of Catholic archbishops, just held, the decision was made to establish as soon as possible a seminary for the training of American young men who volunteer for foreign mission fields. The training consists not alone in theory and other subjects, the economics of missions, and the right attitude toward native religions. No decision was made as to the location, but it is said to be likely that the new seminary will be a part of the Catholic University foundation. Two young priests, the Rev. Thomas P. Price, of Raleigh, and the Rev. James A. Walsh, of Boston, were commissioned to raise money with which to found the seminary. Franciscan and other orders have houses of study and recruit American young men for their particular work, and there is an apostolic mission house at Brookland to train men for mission work in the United States. Heretofore Catholic foreign missions, which are among the most extensive in the world, have relied for missionaries upon France, Spain, Italy, and to a small extent, Austria. Now the aim is to have America contribute its share. Catholics of America are contributing money in steadily increasing amounts.

TO KEEP SOBER

Bill Proposes to Make Liquor Selling a Misdemeanor.

Albany, N. Y., June 3.—Major General Thomas H. Barrock, commandant of the West Point Military Academy, has written Assemblyman Cuvillier, chairman of the Assembly Committee on Military affairs, advocating the passage of the Cuvillier bill making it a misdemeanor to sell liquor to United States soldiers or cadets within half a mile of the grounds of the Military Academy. The bill has passed the Assembly, but has been opposed in the upper house.

TALK ENDANGERS CANADIAN BILL

Opponents of Reciprocity Hope to Defeat Measure.

CONGRESS MAY TAKE RECESS

That is One Suggestion, but Democrats Oppose the Plan, and Second Extra Session Would Be Called in Case of Adjournment Without a Vote—Gore For Wilson in 1912.

By ARTHUR W. DUNN.
Washington, June 3.—(Special.)—

Opponents of Canadian reciprocity are now actually talking about defeating the bill in the senate, and they expect to do so by talking it to death. It is asserted that President Taft has the assurance of forty-seven senators that they will pass the Canadian bill without an amendment. That will mean success, for he would have one vote to spare.

The opponents of the bill are depending upon some of the pledged senators to help them indirectly, by not forcing long sessions and allowing unlimited opportunity for debate, just as unlimited opportunity has been allowed for hearings by the finance committee.

It is believed by those who are opposing the bill that along in August or September even the most earnest advocates of the measure will be willing to consent to an adjournment.

Will Be Called Back.

The administration, it is claimed, will not consent to an adjournment, and if the two houses should adjourn the president will immediately call them again in session. But there is a scheme to avoid this kind of complication. It can be done by a recess. Both houses can agree to a recess for any length of time they desire, and the president would be powerless to summon them again under such conditions.

But the Democratic house will not consent to either a recess or an adjournment until there is a vote on the Canadian reciprocity bill. That is the present determination, and unless the Democratic mind changes the opponents of the Canadian agreement will have to give up or talk the rest of the session.

Gore For Wilson.

The announcement of Senator Gore of Oklahoma that he would support Governor Wilson of New Jersey for president had the especial significance that Wilson is satisfactory to the radical element in the Democratic party. It is doubtful if any more radical man has a seat in the senate than Gore. He has proposed many radical speeches. He is more than a progressive.

Those who attended the Democratic national convention at Denver remember that it was the magnificent tribute which the blind senator paid to Bryan which caused the first outburst of applause, lasting an hour and a half. This was in the middle of the night and was one of the most striking examples for forcing "long and continued enthusiasm" that has ever been known.

New Members Score.

The liberality of the Democrats in the matter of time for debate in the house has given every man who wanted to talk an opportunity to utter his message to the people. It is true that he "uttered" it in the house, but it was intended for the people, for the house did not listen.

But the members of the house have read the speeches, and so have many others, with the result that the verdict has been in favor of the new members. They have done well. Some of them have made excellent records in one speech. Many of them have shown ability, and what is also necessary for speedy success, more than the ordinary number have shown a sense of humor. The house is to be congratulated upon the showing of its new members.

\$25,000 For Sentiment.

"Your committee has not been so fortunate as to gain the approval of this bill by the secretary of the navy," writes the venerable Senator Perkins, chairman of the committee on naval affairs, referring to a bill to spend \$25,000 to repair the old wooden ship Portsmouth in order that she may be preserved for historic interest.

The committee, however, is sentimental enough to report the bill unanimously notwithstanding the objections of Secretary Meyer that the Portsmouth is no longer useful. The old ship was built in 1843, was in the Mexican war, in a fight in China and was in Farragut's squadron in the gulf during the civil war.

The Portsmouth captured San Francisco during the Mexican war, and Senator Perkins wants her at the San Francisco exposition.

Economy in the Senate.

The house has made a saving on ice water in every room, and the senate is showing that it can economize on the water question. No longer is there an unlimited supply of mineral water in every committee room. There is bottled water replying in a bucket of ice, but the other kinds are no longer distributed to every senator's room in large quantities as heretofore. Perhaps there will not be a regular supply of lemonade during the present summer as in past hot weather sessions.

You can't be a Success and Drink!

MANY a man lays his own failure at the door of ill luck when the real fault is his own. Opportunity passes him by because his eye is bleary and his breath tainted with the unmistakable odor of alcohol.

Right here the Keeley Institute of Greensboro, N. C., comes in. It is the finder of lost opportunities. It takes the mere shadow of a man and builds it up into a new individual, with new ideals, new inspirations, new nervous force and the will, the strength, the energy to do. And, it does it in a scientific manner.

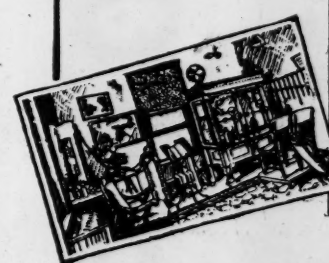

The Keeley Institute at Greensboro, N. C., treats drunkenness as the disease that it is. It takes away the effect by removing the cause. It banishes the desire for drink by killing the appetite for liquor. Not only by removing the appetite but by rebuilding the physical and mental tissues so that they regain their lost vitality. You are the same man you were before you started to drink.

The Keeley Institute at Greensboro, N. C., has an individuality. There is a personality behind it—an influence that will give you strength and courage to face life anew. It will take you out of the old groove and put you into your proper niche in life. Thousands of men have been benefited by it and we can help you.

JUST Rheumacide IT CURES

Rheumatism and Blood Diseases
The cause of Rheumatism is excess uric acid in the blood. To cure rheumatism this acid must be expelled from the system. Rheumatism is an internal disease and requires an internal remedy. Rubbing with oils and liniments may ease the pain, but they will no more cure rheumatism than paint will change the fiber of rotten wood.

Cures Rheumatism To Stay Cured.
Science has discovered a perfect and complete cure called Rheumacide. Tested in hundreds of cases, it has effected marvelous cures. Rheumacide removes the cause, gets at the joints from the inside, sweeps the poisons out of the system, tones up the stomach, regulates the bowels and kidneys. Sold by druggists at 50c. and \$1; in the tablet form at 25c. and 50c. by mail. Booklet free. Bobbitt Chemical Co., Baltimore, Md. Gets At The Joints From The Inside.

HOW TO CURE ECZEMA. ITCH AND ALL SKIN DISEASES

Don't suffer a moment longer with Eczema, or any form of skin or blood troubles. Don't scratch or rub the skin. Just apply Hancock Sulphur Compound to the affected spots and it will stop the itching at once, and cure the trouble permanently. One 50c bottle will cure that prevalent trouble, Common Itch. Nothing cures skin troubles so quickly as Hancock Sulphur Compound. To beautify the complexion and remove black heads and pimples, use Hancock Sulphur Ointment, 25c. Mrs. Evelyn Garst, of Salem, Va., writes: "Three years ago I had a rough place on my cheek, it would burn and itch. I was fearful it might be of a cancerous nature. I used different preparations, but nothing ever helped it. One bottle of Sulphur Compound cured me completely. I recommend it to any one having any skin disease." As a gospel and Temperance Evangelist, Mrs. R. J. Trego who is to speak in W. Market Street Methodist church on Sunday night is a woman of unusual ability. Earnest, enthusiastic and lady-like, she impresses all who hear her. The Holstein Advocate, M. E. Church South, has this to say of her: "At the First M. E. Church, Knoxville, Tenn., Mrs. Trego preached Sunday morning on the 'New Birth.' The sermon was strong, clear, pathetic. Tears came unbidden, and continued to flow. The right of woman to preach, we do not hear discussed, but the simple fact

of a sermon full of the Gospel, modern in its methods of approach and a success in results."

She is also very entertaining on the lecture platform. In Chattanooga, last month, the largest theater in the city was engaged for her meeting. It was filled to overflowing and her audience was held spell-bound. We are sure you will be pleased to hear her on Sunday night.

WALTERS' BAD LUCK IN EVIDENCE AGAIN

Result Was Twins Crawled Over Doyle's Heroes Back to Top of Column.

Shumaker's three-base hit in the first inning of the game yesterday afternoon, scored O'Halloran from second and Clancy from first, which were enough runs to give the Twins the last of the series of games. The Patriots had a batting rally in the last inning but it netted only one run and left Doak on third when the side was retired. In the second and third innings the Patriots had men on both second and third sacks but the necessary hit was not forthcoming. Swindell was effective at such times.

The pitching of Swindell was the feature of the afternoon. He allowed only one clean hit, the other two hits credited to the Patriots being of the scratch variety. The single of Doak in the last inning was a clean hit, and the only one against Swindell.

Walters twirled again for the Patriots. He allowed five hits. The "unlucky" hit of Shumaker in the first inning when two men were on bases was what did the work. But for it Tony would have won the game. An error of Doyle's when he had a chance at a double play, or at least to get one man, contributed materially to the Twins run-getting.

A crowd of more than 2,000 saw the game, it being the second largest attendance of the season. Most of the spectators went out in time to see the U. C. T. game, which began at 2 o'clock. In the crowd were quite a number of people from Winston-Salem and a good many U. C. T's.

TAR HEELS WON OVER SANDLAPPERS

By Score of Ten to Six North Carolina Travelers Defeated Palmetto State Knights of Grip Yesterday.

In one of the most hotly contested games of the season the Tar Heels defeated the Sandlappers yesterday afternoon at Cone Park. The game went for seven innings the final score being ten and six. The contest lasted for an hour and three quarters, but there was only one collapse during that period. And, too, luckily not a single player was hurt during the game with the exception of a collision at second that scarred one player's lip.

The third inning was the one in which the Tar Heels ran rampant, piling up seven runs before the third man was retired. With a man on second Presson drove the ball to the fence for a homer amidst yells from thousands of throats. The errors were not as numerous as was to be expected and aside from the first inning when the South Carolinians piled up four runs in succession as a result of passed balls and errors.

Duckett caused twelve South Carolinians to fan the air in a vain effort to connect with his curves and had been given good support the Sandlappers would hardly have crossed the rubber. McGrath twirled three innings for the South Carolinians, but in the third he

DIAMOND DUST

Where They Play Monday.

Greensboro at Greenville.
Anderson at Winston.
Spartanburg at Charlotte.

Drop back a notch.

The Twins occupy top roost only temporarily, you know.

No pitcher can win a game when his team gets only one clean hit.

Swindell deserved to win, and the score shows that he did.

The Patriots will go to Greenville tomorrow for three games.

The team will return here Thursday for a series of three games with Anderson.

Dr. Walters now has his degree of D.D.S. He went to Baltimore Friday and received his sheep skin.

It was a fine game, if we did lose.

Why don't some team buy Swindell and get him out of this league.

Have to hand it to Swindell that he is about the cleverest pitcher in this company.

Swindell is the best pitcher in the league, but that's no reason for the Patriots' being afraid of him.

Edwards, who is on the receiving line for the Twins, is almost as conceited as the dopest of the Twin-City Journal.

"Watch Charlotte Grow" is no longer the slogan. It reads now "Hear Charlotte Groan."

Stuart has it all over Edwards when it comes to catching behind the bat, and especially in throwing to second.

SPECIAL FOR MONDAY

We are overstocked on Light Grays and we are going to give you the benefit of half price, if you buy Monday, just to clear 'em out. If you are going to buy a suit this summer you will have no better chance for the prices are just as good and perhaps better than will be offered you the last of the season.

Lad's Arm Broken in Two Places.

Bynum Fields, the young son of Mr. and Mrs. Frank Fields, received several painful injuries in a runaway on Friday afternoon. While driving near Lindley Park the horse suddenly bolted and the boy was thrown violently to the ground. His arm was broken in two places and other painful injuries were received but he is in no danger and is now recovering nicely.

McKnight In Jail Here.

Dr. Harry P. McKnight was lodged in the Guilford county jail yesterday by Deputy Sheriff Harward, who brought the prisoner from Raleigh when he failed to provide the bond of \$500. He will remain in jail here until his preliminary hearing on Tuesday before the clerk of the court.
